

**MOSCARI 2019**

Dear " Moscarienques ", Dear " Moscariencs " .

During the last weekend of August the noise and the party return to our town; They are the expected Popular Festivities of August, which transform the days and nights into moments of fun and revelry to gather us all, and this is the reason for this invitation to the party.

A few days of celebration, where we will enjoy just three weeks after the successful and participatory celebrations of our Patron Saint, and for that also my sincere thanks to all, for your full involvement and contributions made, example of participation and defense of our identity.

Now it's the time to party, days of fun with the best company, days of noise and revelry, through the holidays we seek brotherhood and solidarity making people. Time of full participation, days to have fun, to play, to encourage children and young people, to share the best cuisine, to spend a day in good company, like the best beach; to have fun children, young and the older ones; to do sport; to admire our beautiful region, at the foot of the Sierra de Tramuntana World Heritage Site; to party and bustle all together; to dance in the Plaza; to listen to summer songs; to love us and also remember the good times. Moscari wants party, fun with respect, and shared revelry. The festivities are also moments to encourage all newcomers and visitors that these holidays share with us all the August Popular Festivities; so that all together although we will make the party better. And we also want to share the party with people who lack health, because with them and their inclusion, we will feel more and more loved. Come to celebrate, come to share spree and joy.

The Popular Festivities of August are here. Moscari is partying. Moscari makes me fall in love. To all of you, thank you very much.

Friends, hoping you can visit Moscari for many years, during the celebrations or without them. On behalf of all the partners of the municipal corporation and on my own, wish you a good holiday.

Moscari, August 2019. Rafel Gelabert Tortella.
